The motor vehicles observed at the restricted area and the Droegen Schule, Fuerstenberg, belonged to headquarters units and the Hq Second Gds Mecz Army, while most of the motor vehicles observed at Ravensbrueck belonged to the 9th Gds Tank Div. The other items of information are possibly true but are completely unsubstantiated. There is no evidence that any headquarters units of the Second Gds Mecz Army trained at Templin.

25X1

The Hq Second Gds Mecz Army is located in the restricted area on Roeblin Lake, but it is known definitely that Lieutenant General Radtsiyevski (fnu) is commander-in-chief of this army.
